

Geography Knowledge Map - Autumn 2 - Rivers

Four-Figure Grid References

Using the 2 digits of the easting and the 2 digits of the northing creates a four-figure grid reference. This is the reference for the bottom left corner of a square on the map. This makes it easier to search the map for features.

Remember! Always start with the eastings first (try using the phrase 'along the corridor and up the stairs' to get the right order).

(32,43)
